

Color the Beginning Sound

Talk about the picture of the gingerbread house with your child. What do you see? Lollipops, a roof with icing on it, windows, a door, walls, candy, trees, grass, a stone path, etc. Then, ask your child to draw something that begins with the /r/ sound (roof), something that begins with the /d/ sound (door), something that begins with the /w/ sound (window or wall), etc. until everything is colored.
