Okay little ones... Now let us begin!
Christmas is here. So we will celebrate with cousins!
We will play our game and follow tradition:
To find your gifts you must go on a mission.

- 1) Jump up, jump down, and turn around.

 Touch your toes, touch your nose, and make a cat sound.

 None of that has anything to do with your toys.

 But, it sure is fun to see you act silly and make noise.

 So go to the room where you like to play,

 And remember to be joyful on this holiday.
- 2) Isn't it fun all playing together? We love watching you share and be with each other. We also love when you go outside and play. So run to the backyard to see what we have for you today.
- 3) Christmas is such a special time of year.

 Time for sleigh-bells and Santa, laughter and cheer.

 But let's not forget the reason for the season.

 And we will sing "Happy Birthday" to Jesus in the kitchen.
 - 4) Let me see, now where should we all go?
 For this next gift you will have to get low.
 Everybody crawl on your hands and each knee.
 And look under the beds until your gifts you do see.
 - 5) Now for more fun, you will have to do a favor for us.

 To get another clue your aunts need a kiss and a hug!

 You are so special to us don't ever forget.

 Now, for this last clue, by the tree you must sit.
